

# NUNO MATOS

## COMPUTER SCIENCE AND HARDWARE ENGINEER STUDENT

I'm an enthusiastic Computer Science Engineering student nearly finishing my degree. I have a solid grasp of Java, Python, and front-end technologies such as HTML, CSS, and JavaScript. I'm actively seeking professional opportunities, rather they come as a job or as an internship, so that I can apply my knowledge to real-world challenges. I'm ready for the professional world!

## Main Skills

- Python
- Java
- HTML
- SQL
- Django
- React
- Javascript
- C/C++
- Bootstrap
- Git

## Soft Skills

- Creativity
- Empathy
- Proactivity
- Team Work
- Work Under Pressure

## Languages

- Portuguese (Native)
- English (B2)

## Education History

2019-Present (Bachelor)

*University of Aveiro*

**Computer Science and Hardware Engineer Student**

## Main Projects

### Final Bachelor's Project

The team developed a Django project for an aquaculture company, where I took care of the entire front-end. We successfully built a comprehensive system to handle and oversee the company's data, creating a database and a fully operational website.

### NBA Chrome Extension

As a personal project, I developed a Chrome extension centered around NBA, using JS, HTML, CSS and an extern API. The user can select a day and see results, scheduled or live games, stats, etc. It also has filters and a minimalist mode to improve the experience.

### HomeCare

Using React Native, I developed the front-end of a mobile app like Uber, but for cleaning services, where you can buy or sell a service.

## Work Experience

McDonalds employee

Glicinias Plaza, Aveiro

October 2022 to July 2023

Burger Restaurant employee

F.Burger, Ovar

June to September of 2018

## Certifications

Career Path: Front-end Engineer

Institution: Code Academy

Ongoing

Bootstrap Course

Institution: Code Academy

2023

Inspiring Career Camp

Institution: Inspiring Future

2019
